

Evidence Case File

CASE No.

777 - 04

Case Description:

"Bible Code - Matthew 1"

Design Challenge: A Genealogy

- The number of **words** must be divisible by 7, evenly.
- The number of **letters** must also be divisible by 7, evenly.
- The number of **vowels** and the number of **consonants** must also be divisible by 7.

NOTE: The above represents only 3 of the 14 criteria!

God provided numerous Bible "codes" (divine "fingerprints") related to the number 7. One example is found in Matthew 1:1-11, which is the genealogy of Jesus. The mathematical odds of this happening unintentionally is beyond extraordinary.
