CASE No.

777 - 05

Case Description:

"Bible Code - Trees in Genesis"

There are many different kinds of trees mentioned in the Bible. Twenty-five of these trees are encoded from Genesis 1:29-2:9 in the story of the garden of Eden! The coding is known as ELS (Equidistant Letter Sequences). The odds of this happening by chance is 500,000 to 1.
